

The governments that LIE to their people to keep them slaves to believe a LIE against GOD, these governments are running scared because the many ignorant will be angry.

Beware of the phrase, "tell the truth, but with love." What they are really saying is, "#tell them a LIE for

wants and needs and maybe they will except your lie as truth". Watch out for #sneaky-man, when the TRUTH is LOVE.....

Michigan is all in the hoax. Michigan is in it for the filthy lucre. Like those fools that did 9-11 in New York and Sandy Crook in Massachusetts, where they

believe the Boston fire  
cracker smoke bombing for  
filthy lucre. Ignorant-man,  
your nanny-state  
government has went to  
sleep on the sheeple.
